VERY IMPORTANT: I am a neutral training entity and provide programs for individuals, small groups, clubs, and teams looking for additional training. I encourage players to play for their local recreational and competitive teams. This is advanced supplemental training. Not to be confused with a USYSA competitive program. Players are encouraged to participate in this program either concurrent with their USYSA team season, afterwards, or when their schedule permits. It is not a requirement or mandatory to play USYSA, but encouraged for additional gameplay and field experience. Obviously, more dedicated participants will receive the most growth and experience from the training. From this program, let it be known that collegiate, regional and national players are fostered. The sessions are for any Chattanooga area player interested. This is an Elite Soccer Training event and is not associated with any Tennessee or Georgia State Association Club. This is not a tryout or will be held as a recruiting tool for any association nor is it encourage. This a educational soccer experience for all area soccer players.
